

Share a bit of the Pacific Northwest with your friends and family this holiday season

Menagerie Farm's Christmas venture, Wilde Ivey Christmas Wreaths, will bring the aroma of Christmas to all of your friends, family and business associates -- and don't forget to treat yourself.

Again this year, we are offering holly in the wreaths. The 14" wreath with holly makes a perfect table decoration...just put a large candle in the middle to complete the festive look. The larger wreaths with holly are simply gorgeous on your door or on the mantle.

Our wreaths are handmade from fresh greenery picked from our own backyard! (It helps that our backyard is 20 acres!) Being handmade, each one is a completely unique, one-of-a-kind gift.

You have a choice of three sizes this year: 14", 18" & 24" (that's minimum—it will fluff out bigger). And they are about 4" thick, with 5+ lb of material. Many commercial wreaths are an inch thick with the minimum amount of material and are often made in September! You can smell the freshness in Wilde Ivey Christmas Wreaths.

The greens will include some or all: Douglas and White fir; various types of cedar; pine; blue spruce. If you have a special request to leave in or out, just let us know.
